

Our First Picassian Fair!

Por la redacción de 6º de primaria

On April 21st, 2025, we had our first Picassian Fair at school. It was a very special day. We worked a lot in class to prepare this great event.

We learned many things with the Sustainable Development Goals (SDGs) and the Zinkers topics: taking care of the planet, recycling, helping others, and living in peace.

We invited our families, other schools, associations, and our town hall. They came to see everything we had done. We made beautiful decorations: recycled thrones, big games, scarecrows, a butterfly oasis, vertical gardens, and recycled instruments in music class.

We also changed the school basement into a real Andalusian patio, full of flowers and colors.

It was a happy day. We learned by playing, sharing, and helping the Earth! 🌍
